on \$500 land; why will not Dairying pay in Garrard, County on \$100 land?

Dairymen in Holland get about one cent per pound more for their butter than we in America, but this advantage is offset by the fact that they import their concentratos (bran and cottonseed meal) from America.

Dairying is progressive in character. It's possibilites increase with each succeeding year.

Dairying will not wear out your land, but will enable you to pass it on to your son in better condition than when you received it.

In dairying there are no trust, no cut-outs, no pools necessary, no off years.

Daidyinb is the ideal road to success. Let us show you.

ANNOUNCEMENTS For Circuit Judge

We are authorized to announce Hor Charles A. Hardin a candidate for Judge of the Thirteenth Judicial District, at the November election, 1911. ic party.

Tobacco Crop Of 1911.

There is no question as to the large supply of tobacco on hand by reason of the big crops of 1909-1910, and if another full crop is raised in 1911 the supply will be yet greater and prices must be even lower than at the pres ent time.

What is the best thing for the grov er to do under the circumstances If everybody in all the tobacco raising districts would decline to raise the 1911 crop it might be the best for all and we are inclined to the belief Bu what would it cost the state and this county to undertake such a problem is worthy of the serious consideration of all, Better quit tobacco growing and pursue other agricultural crops than have anarchy and bloodshed in our community and state. Anothe question to be considered in connect ion with a "cut out" is the increase in the crop in other states. Conced ing that it is both possible and pract cal to cut out a crop in Kentucky would not other states, the price g soaring up by reason of a cut out, it crease the facilities for growing and help keep the price down?

Another serious problem for th growers in this immediate communi ty is the great inconvenience in nov arranging to substitute some other crop for 1911 on . the short notice to make the change. Individuals with small farms who have arranged and prepared to raise tobacco, and who have debts to meet would likely suffer considerable loss by reason of a cut out. We all know that the price of tohacco is practically fixed by the American Tobacco Co., and to engage in a contest with such a combination it is absolutely necessary to have a unted effort. The will of the majority should control. When the question is put for determination as to whether or not we will have a cut out for 1911, the wish of the majority of th people of Garrard County should control and minerty ought to abide by and acquiesce in the plan so adopteo The only possible way to settle th situation satisfactorily is to have harmony and union in the plans agreed

Leads The World.

The United States built in the year just closed 4,200 miles of railroad, leao ing all the countries of the world in new mileage, as it has every year for the past half century. It was stated several years ago by some one that the days of great railroad-building in this country were over and that South Africa, Australia and Canada would be the chiefs fields in this industry. This has been proven a mistake and still the world sees our country leading and its wealth and industry are still drawing people to all parts of our country When you see railroads being built, you may rest assured that the country and people are progressive for the railroads do more for the country than any other industry and wherever there is a good one you see signs of prosperity, Our mileage now is nearly half that of all the world and exceeds that of all Europe by more than we have built more miles than any other country possess. Therefore let us encourage this industry for it makes our property more valuable and makes a greater country in every

YOU

TO SELL YOUR TOBACCO WITH US.

We feel that we are justified in telling you your tobacco will being as much money sold over our floors as any market in the country, Lexington and Louisville not excepted. For the past ten days, we have made a BETTER AVERAGE daily per hundred than either Louisville or Lexington. We now have seven permanent buyers located in Danville buying for the largest Factories in this and foreign countries. For the past ten days there has been a steady increase in prices. On some grades of over 50 per cent. Buyers pronounce our new house on Walnut Street the best lighted house in Central Kentucky, The best evidence of this is that our average has been better per hundred than any other house in Danville. We charge nothing for rejections. Your tobacco is insured the minute it gets into our doors, and your check is ready for you in thirty minutes after the sale is over.

Sales will be held every day except Saturday during the season. Write us for information.

DANVILLE TOBACCO WAREHOUSE CO.

Tobacco Growers--ATTENTION!

The loose floor sale at the Peoples' Tobacco Warehouse on Perryville street, immediately east of the Queen and Crescent Railway, is being held every day. Buyers from all leading factories are on hand. All tobacco is placed on sale in uniform grades, each grade bringing the highest market price. We make no charge for rejections and will sell your tobacco until you are satisfied with the price you receive. All insurance is carried by us and your tobacco is protected from the minute it enters our house until it is sold. Experienced men in charge of all departments to guard your interest. Our advice, as is the advice of all tobacco warehouses, is that you place your tobacco upon the market as soon as it has been stripped. It weighs more then and you save the cost of extra hauling and get the use of your money.

The People's Warehouse has the capacity to accommodate fifty loads of tobacco at one time and ample room for a hundred head of horses. Remember the location-Perryville street, immediately east of the Queen and Crescent Railway.

Col. I. M. Dunn is the auctioneer who sells at the Peoples' Tobacco Warehouse; he has had twentyfive years experience in the production of burley tobacco; his judgement on tobacco you get free. He is ably assisted by C. C, Lucas, of North Carolina, who is an auctioneer of large experience in the loose leaf market.
